## Date : 10/04/2024

To,

The Principal All Affiliated (Commerce & Management) College/Institutions, Shivaji University, Kolhapur

## Subject : Regarding Syllabi of BBA Part-III (Sem-V/VI) Choice Based Credit System (CBCS) degree programme under the Faculty of Commerce & Management as per National Education Policy, 2020

## Sir/Madam,

With reference to the subject mentioned above, I am directed to inform you that the University authorities have accepted and granted approval to the revised Syllabi of **BBA Part-III (Sem-V/VI) Choice Based Credit System (CBCS)** under the Faculty of Commerce & Management as per National Education Policy, 2020

This Syllabi shall be implemented from the academic year 2024-2025. A soft copy containing the syllabus is attached herewith and it is also available on university website <u>www.unishivaji.ac.in</u> (Online Syllabus).

You are therefore, requested to bring this to the notice of all Students and Teachers concerned.

Thanking you,

Ref./SU/BOS/Com & Mgmt./ 2-10

|          | Communication-Resume Preparation, Oral Communication- Facing an Interview     |          |  |

Note:

- 1. Relevant case studies based on the above units should be discussed in the class.
- 2. Practical sessions should be conducted to improve the skills of students

## Suggested Practical Work or Field Work:

- 1. Conduct a mock interview of any 5 different personalities and evaluate their ability to communicate effectively, listen actively, and articulate their thoughts and prepare report.
- 2. Study a case study of a successful team and analyze the key factors that contributed to the team's success.
- 3. Organize a debate on a controversial topic and assess students' ability to present logical arguments, consider opposing viewpoints, and think on their feet and prepare report.
- 4. Assign a task to a group with a specific time limit and evaluate how well to manage time to complete the task. Discuss strategies for effective time management and prepare a report.
- 5. Create a comprehensive your own personal growth plan that includes short-term and long-term goals, considering aspects like emotional intelligence, self-awareness, and interpersonal relationships and prepare report on it.
- 6. Develop a step-by-step plan on how you would apply emotional intelligence principles to address the conflict.
- 7. Imagine, you are a career counselor, advising a client who is transitioning between career stages. Using a relevant career stages model, outline the key considerations, challenges, and recommended strategies for the client to successfully navigate this transition. Prepare a report on that.
- 8. Imagine, you are part of a cross-functional team with diverse members. One team member consistently disagrees with others, leading to tension within the group. Develop a plan outlining how you would use

interpersonal skills to address and resolve the conflict.

- 9. Choose a familiar object or a hobby you enjoy, and give a 2-minute impromptu (extempore) talk to your classmates about it. Focus on speaking clearly, organizing your thoughts, and maintaining a natural flow. Afterward, ask for feedback from your peers on one thing you did well and one aspect you could improve in your oral communication prepare report on it.
- 10. Any other practical based on syllabus

*Note:* Each student should prepare report of every practical or field work including detailed information as per guidelines and structure / format given by subject teacher. The report should be hand-written. Take photographs in your cell phone with prior permission during the visit to business units and discussion with people. Produce the black and white print of photographs in your report.

|                | Web Analytics  |               |  |  |  |  |
| Unit: IV       | Digital Measurement Landscape, Introduction to Google analytics, Interpreting                      |               |  |  |  |  |
|                | the data in Google Analytics, Practical Applications of Digital Marketing                          | 15 Hours      |  |  |  |  |
| Note: Relevant | case studies based on the above units should be discussed in the class.                            |               |  |  |  |  |
| Suggested Pra  | ctical Work or Field Work:   |               |  |  |  |  |
| 1. Visit an    | y organization in your area and list down the Digital Marketing process followed b                 | by the        |  |  |  |  |
| organiz        | ation for its customers.   |               |  |  |  |  |
| 2. List dov    | wn the Digital Marketing strategy, digital consumer behavior followed by the Organ                 | nizations in  |  |  |  |  |
| your are       | ea   |               |  |  |  |  |
| 3. Identify    | and list down different Google Analytical tools for any website - Banks/Online Sh                  | nopping Apps  |  |  |  |  |
| tourism        | websites/food outlets etc.   |               |  |  |  |  |
| 4. Start yo    | our own social media accounts or blogs and experiment with different marketing str                 | ategies to    |  |  |  |  |
| grow ye        | our following.   |               |  |  |  |  |
| 5. Study p     | Study popular mobile advertising platforms such as Google Ads, Facebook Ads, and Apple Search Ads. |               |  |  |  |  |
| Create         | Create and manage ad campaigns targeted for mobile devices to gain practical experience.           |               |  |  |  |  |
| 6. Develop     | p skills in search engine optimization (SEO) by optimizing website content, conduc                 | cting keyword |  |  |  |  |
| research       | 1.   |               |  |  |  |  |
| 7. Develog     | Develop a short program as a freelance digital marketer to clients looking to improve their online |               |  |  |  |  |

presence and reach their target audience.

- 8. Plan and execute email marketing campaigns for your college event, including crafting compelling email content, segmenting email lists, A/B testing subject lines and content, and analyzing email performance metrics.
- 9. Arrange group discussion on use of digital marketing tools on college image building
- 10. Any other practical work or fieldwork based on syllabus

Note: Each student should prepare report of every practical or field work including detailed information as per guidelines and structure / format given by subject teacher. The report should be hand-written. Take photographs in your cell phone with prior permission during the visit to business units and discussion with people. Produce the black and white print of photographs in your report.

#### Investment Option(Practical Problem)

#### Suggested Practical Work or Field Work

- 1. Organize Industry Visit at Brokers, Financial Institutions like LIC, Mutual Fund Companies and Banks. Prepare report on Knowledge gain during Industry Visit at Financial Institutions
- 2. Test the validity of the CAPM using empirical data from financial markets. Compare the predicted returns of assets based on their betas with their actual historical returns.
- 3. Conduct Role Play Activity Play a role of Financial Consultant or Financial Advisor
- 4. Discuss the Live cases from your family members or friends to provide financial advise for their investment
- 5. Conduct stock valuation projects where you analyze individual companies using various valuation techniques such as discounted cash flow (DCF), price-to-earnings (P/E) ratio analysis, or relative valuation methods. Apply fundamental analysis to assess the intrinsic value of stocks and make investment recommendations.
- 6. Create a Dummy/ mock investment portfolio using virtual trading platforms or simulation tools. Allocate assets across different asset classes (stocks, bonds, commodities, etc.) based on your investment objectives, risk tolerance, and market outlook. Monitor the performance of your portfolio over time and analyze the impact of investment decisions.
- 7. Analyze case studies of portfolio construction and management strategies employed by professional investors.
- 8. Monitor real-time market data and news to identify investment opportunities and make informed decisions based on the CAPM framework. Analyze the implications of market events, economic indicators, and policy changes on asset prices and expected returns.
- 9. Arrange session of Financial Analyst on Portfolio Management and note key points
- 10. Any other practical based on syllabus

Note: Each student should prepare report of every practical or field work including detailed information as per guidelines and structure/format given by subject teacher. The report should be hand- written. Take photographs in your cell phone with prior permission during the visit to business units and discussion with people. Produce the black and white print of photographs in your report.

|            | Pivot Charts   |          |  |  |  |
|            | b) Practical:  |          |  |  |  |
|            | 1. Create Worksheet. Enter text and numbers in sheet and change Column             |          |  |  |  |
|            | Width and Row Height.  |          |  |  |  |
|            | 2. Create a table in excel and insert data using cell range.                       |          |  |  |  |
|            | 3. Formatting Worksheet  |          |  |  |  |
|            | 4. Working with Formulas (Maximum, Minimum, Average, Count and Sum).               | 10 Hours |  |  |  |
|            | 5. Create student report using different formulas in excel.                        |          |  |  |  |
|            | 6. Create different types of charts in excel                                       |          |  |  |  |
|            | 7. Create a Pivot Table.   |          |  |  |  |
|            | 8. Designing and Formatting a Pivot Table field                                    |          |  |  |  |
|            | 9. Group data presented in the Pivot Table's                                       |          |  |  |  |
|            | 10. Create Pivot Charts  |          |  |  |  |
| Note:      |  | 1        |  |  |  |

Computer Lab Practical Sessions should be conducted for relevant unit.(Prefer Open Source Softwares)

## Fieldwork/Practical work (20 Marks):

Each student should solve above each practical work as per guidelines and structure / format given by subject teacher. Fieldwork or Practical work marks will be given by subject teacher on the basis of task completed or report produced.

## Suggested Practical Work/ Fieldwork:

- 1. Write the simple python program.
- 2. Python program to demonstrate numeric value.
- 3. Python program to demonstrate different operators.
- 4. Python program to demonstrate comments single line multiline.
- 5. Python program to demonstrate conditional statements and looping statements.
- 6. Python Program for Creation of String, accessing value of string.
- 7. Python Program for Creation of List, accessing value of List
- 8. Python program to demonstrate different List operations.
- 9. Python program to slice List using list.
- 10. Python program to demonstrate Creation of List

## Note:

Each student should complete above each practical work as per guidelines and structure / format given by subject teacher. Fieldwork or Practical work marks (20 marks) will be given by subject teacher on the basis of reports produced.

## **Suggested Practical Work or Field Work:**

- 1. Examine and analyze Indian cultures, norms and behaviors
- 2. Analyze Cultural differences between India and Europe
- 3. Analyze MacDonald's Case from cross-cultural perspective
- 4. Analyze case studies of successful and unsuccessful cross-cultural negotiations in various industries and geographic regions
- 5. Visit Export Unit in your area and understand the Negotiation process.
- 6. Arrange discussion on strategies for overcoming implementation barriers and fostering a culture of change readiness.
- 7. Discuss in class the importance of aligning organizational culture with strategic goals and values
- 8. Study Amazon cross cultural controversy and efforts.
- Organize role-play negotiation scenarios with counterparts representing different cultures, focusing on understanding cultural differences in negotiation styles, communication norms, and decision-making process
- 10. Any other practical work based on syllabus

Note: Each student should prepare report of every practical or field work including detailed information as per guidelines and structure/format given by subject teacher. The report should be hand-written. Take photographs in your cell phone with prior permission during the visit to business units and discussion with people. Produce the black and white print of photographs in your report.

### BBA -III Sem.-V

### **MINI-PROJECT**

#### (Field Visit-Work)

#### (DSE-A3/B3/C3/D3/E3/F3/G3/H3/I3/J3)

#### **Discipline Specific Electives:**

| Course Code | Elective                  | Course Code | Elective                      |
|-------------|---------------------------|-------------|-------------------------------|
| DSE-A3      | Marketing                 | DSE-F3      | Event Management              |
| DSE-B3      | Finance                   | DSE-G3      | Family Business Management    |
| DSE-C3      | Human Resource Management | DSE-H3      | Hospitality Management        |
| DSE-D3      | Business Analytics        | DSE-I3      | International Business        |
| DSE-E3      | Computer Application      | DSE-J3      | Travel and Tourism Management |

**Objective:** To expose the BBA students to practical application of Discipline Specific Elective through field studies, Case studies.

#### **Course Outcomes:**

- 1. identify the research problem and formulate objectives.
- 2. choose appropriate methodology with proper tools and techniques.
- 3. analyze and interpret the data collected from different sources.
- 4. make decision or find out conclusions on the basis of data analysis.

The student shall visit to respective firms/organizations/markets/companies/social organizations for whole semester and prepare a mini project on field visit/surveys. BBA being professional course, it is essential for each student to practically apply or understand theoretical concepts what he/she has learnt during the course. Project Work will be done by the student individually. Student can carry out the project work after college hours, holidays. Student has to prepare Project Report under the guidance of faculty appointed by concerned Institute.

During the field visit, student is expected to collect vital information through internal and external source so as to reach concrete conclusions on the given subject.

Since the practical has been introduced in the curriculum, every institution affiliated to Shivaji University, Kolhapur is expected to sign Memorandum of Understanding (MOU) with industrial units/SSIs, business houses, educational institutes, social organizations or NGOs, service industries such as Bank, Insurance etc.

Mini project report in the fifth semester carries 100 marks. Student has to submit One Project Work Spiral copy to the institute.

| Project Report     | : | 60 Marks |
|--------------------|---|----------|
| Internal Viva-Voce | : | 40 Marks |

The faculty shall organize and guide to the student regarding field visit and for preparing the report. The report shall evaluate by the faculty at the end of Semester V. It is mandatory that the student will make presentation in the presence of teachers and students. The student is expected to answer to the queries and questions raised in such a meeting. (Internal Viva-Voce). Internal Viva-Voce Committee should be formed by Head of Department or Principal/Director which will include 3 faculty members-1 as a chair-person and 2 as committee members. A viva-voce examination will be conducted before the university examination for Semester V. Committee should submit the marks online as well as hard copy. The faculty should keep the record properly.

### MINI PROJECT REPORT

A format of Field/Mini Project report shall be of the following nature:

- Cover Page- Title of the project, Name of the student, Name of Guide, Name of the Department and College, Year of Submission
- Declaration of Student
- Certificates-Certificate by Guide, Recommendation Certificate by Head of the Department and Principal, Certificate by Organization (mandatory for organization project only)
- Acknowledgement
- Contents/ Index
- List of Tables
- List of Graphs
- Headings of the chapter, sub-headings of the chapter

## **CHAPTER SCHEME:**

## Chapter-1: Introduction to the study

- 1.1 Introduction
- 1.2 Review of Literature
- 1.3 Objectives of the study
- 1.4 Hypothesis of the study (Optional)
- 1.5 Scope of the study
- 1.6 Importance of the study
- 1.7 Research Methodology (Data Sources, Sampling Design, Data Analysis Instrument)
- 1.8 Chapter Scheme

# **Chapter-2: Theoretical Background**

Necessary theoretical inputs may be added to support the research work.

- 2.1. Introduction (Basic Concepts -Meaning, Definitions)
- 2.2 Characteristics/Nature
- 2.3 Scope
- 2.4. Theories
- 2.5 Techniques/Types/Categories
- 2.6 Advantages, Disadvantages
- 2.7. Functions
- 2.8. Importance etc.

# Chapter-3: Introduction to the Organization/Industry

- 3.1 Introduction
- 3.2 Brief History of the Organization and present position
- 3.3 Organization Structure
- 3.4 Departments/Sections in Organization
- 3.5. Products/Services offered
- 3.6 Milestones achieved by company, awards, certifications etc
- 3.7. Human Resource Scenario of organization
- 3.8. Operations management of Organization
- 3.9. Marketing Scenario of organization
- 3.10. Important Statistical Information

### 3.11. Future Plans of organization

3.12. Information of branch/unit (if selected separately, for study)

# Chapter-4: Data Analysis and Interpretation Chapter-5: Findings and Suggestions

### **Bibliography**

### Appendices

### Bibliography

Bibliography means list of books, journals, published work actually referred to or used in the writing of the project report. This is not a separate chapter. The bibliography has to be written in a specific manner.

So, the Bibliography may include-

- Books Referred-Title of Book, Author Name, Publication, Edition
- Articles-Name of Author, Title of paper, Name of Journal, ISSN No. Volume No., Page Number.
- Websites
- Other

### Appendices

The document, charts, questionnaire, tables and schedule etc. which are actually referred to in the bodies of the project report are to be included under appendix or appendices. So, the appendices may include-

- Ouestionnaire / Schedule
- Tables, Documents/forms etc.,
- Maps, Diagrams, graphs etc. referred to in the body of the project report.
- Guide Student Meeting Record Form.

The above guidelines are not a prescription for writing the project report but can be used as a milestone, while writing the project report.

The guide has every discretion to change the Chapter as per requirements. In case of computer /IT based subjects /topics such as-Business Analytics, Computer Application, etc., subject teacher has right to change the chapter scheme.

## UNIVERSITY GUIDELINES FOR MINI PROJECT/SURVEY REPORT WORK

- There should be a proper linkage between objectives, data and interpretation, findings and suggestions.
- Header and Footer on project report pages shall consist of University name and Institute/College name, respectively. No other information should be included in the Header and Footer.
- Use of colors in text matter, graphs and diagrams should be avoided.
- Page numbers are compulsory.
- The average size of report ordinarily will be of maximum 100 pages. Layout of the project is-Paper A4 size, Font –Times New Roman, Font Size for regular text is 12, for headings 14 font size is allowed, for title of chapters upto 28 font size. Printing is to be done on both sides of pages. Margin 1.5 inches at the left, mirror margin and 1 inch at rest sides. Chapter pages should not carry borders.
- Declaration from the student that his/her research work is not copied from any other existing reports.
- The report will have three certificates, one by the Head of the Department and Principal, another by the Faculty guide and third one from reporting officer of the organization where the student has undergone training. These three certificates should be attached in the beginning of the report
- Certificate of the Faculty Guide: The guide should certify that the research work is original and completed satisfactorily under his guidance.
- Index Page, List of Tables and List of Graphs should be added after certificates and Declaration.

## **Dates of Mini Project Report Submission**

- For regular students, the last date of Mini Project Report Spiral Copy submission to the institute is 30<sup>th</sup> Sept. of every year. In case 30<sup>th</sup> Sept is holiday then the next working day is the last date of project report submission.
- For repeater students the last date of submission of project report to the institute is 1<sup>st</sup> March. In case 1<sup>st</sup> March is holiday then the next working day is the last date of project report submission.

### Acceptance/Rejection of Project Report:

The student must submit an outline of the project report to the college for approval. The college holds the right to accept the project or suggest modifications for resubmission. Only on acceptance of draft project report, the student should make the final copies.

### Note:

- Students should learn MS Excel and SPSS for Data Analysis and Google Form Questionnaire preparation
- Faculty should encourage students for Research Paper Writing on Major Project and its publication in UGC Care Listed Journals.
- Students should be encouraged for participation in at Conferences /Seminars/Webinars/Workshops related to their course, specialization, research etc.
- Students should be encouraged for completion of Online Certification Courses available on Online Platforms such as NPTEL/Swayam /Coursera during academic year.

|--------|--|
|        | Meaning, Definition, Reasons behind rise of consumerism, Benefits of                                   |
| Unit   | <b>IV</b> consumerism, Rights of Consumers ,Consumer Protection Act 1986, The 15 Hours                 |
|        | Monopolies and Restrictive Trade Practices Act 1969, (MRTP), International                             |
|        | Consumer Rights Protection Council (ICRPC)   |
| Note:  | Relevant case studies based on the above units should be discussed in the class.                       |
| Sugge  | ted Practical Work or Field Work:  |
| 00     | Observe how your parents spend their money on purchases? Do you observe any pattern? What does         |
| 1.     | it show about their behavior?  |
| 2      | Visit some websites like Audi.in, Safpar.com, faceadrenalin.com, rolex.com, versace.com etc. and       |
| 2.     | describe one that makes use of an appeal based on need for self-esteem.                                |
| 3.     | Take three advertisements that appeal to social motives. Discuss the suitability of associations       |
|        | between the product and the motive.  |
| 4.     | Collect a set of five recent advertisements that strive to link consumption of a product to a specific |
|        | personality trait.   |
| 5.     | Construct a brand personality inventory for two different brands in the same product category. Do      |
|        | these brand personalities relate to the advertising strategies to differentiate these brands?          |
| 6.     | Collect some print advertisements that are unusual and attracts attention at once. Note what is so     |
|        | attractive about them  |
| 7.     | Make a note of 5 products and 5 services that you have never bought. If you were to buy them, on       |
|        | what parameters would you judge their quality?   |
| 8.     | Suppose you are going to buy a new motorbike. What are the dilemmas that you might be facing           |
|        | while making the purchase decision?  |
| 9.     | Describe any one advertisement of any brand of car that you have recently seen. Describe the appeal    |
|        | used in that ad and how it will influence the attitudes of the consumer?                               |
| 10.    | Any other practical based on syllabus  |
| Note:  | Each student should prepare report of every practical or field work including detailed information as  |
| per gu | idelines and structure/format given by subject teacher. The report should be hand -written. Take       |
| photog | raphs in your cell phone with prior permission during the visit to business units and discussion with  |
| people | Produce the black and white print of photographs in your report.                                       |

### **Suggested Practical Work or Field Work:**

- 1. Conduct financial statement analysis of companies to assess their capitalization structure and performance. Analyze the composition of their capital, including debt and equity, and evaluate how it aligns with theories of capitalization.
- 2. Participate in simulation exercises that simulate capital allocation decisions in different economic environments. Use Walter's Model and Gordon's Model to evaluate the impact of dividend policy changes on shareholder wealth and firm value.
- 3. Visit to any bank to analyze cash management decisions.
- 4. Analyze case studies of companies to understand how dividend policy decisions are made in practice. Evaluate the factors influencing dividend payouts, such as earnings stability, growth prospects, and financing needs, in the context of Walter's Model and Gordon's Model.
- 5. Arrange guest session of Financial Experts on valuation of shares and debentures
- 6. Visit to a company to understand the usage of financial & operating leverages.
- 7. Visit to a corporate house to analyze the dividend policies.
- 8. Visit to a nearby village to understand the financial inclusion of the people.
- 9. Visit to a broker to understand the valuation of shares & debentures.
- 10. Any other practical based on syllabus

Note: Each student should prepare report of every practical or field work including detailed information as per guidelines and structure/format given by subject teacher. The report should be hand- written. Take photographs in your cell phone with prior permission during the visit to business units and discussion with people. Produce the black and white print of photographs in your report.

### Suggested Fieldwork or Practical Work:

- 1. Observe the functioning of foreign exchange markets in different financial centers. Observe currency trading activities, price movements, and factors influencing exchange rate fluctuations.
- 2. Interview foreign exchange traders to gain insights into their decision-making processes and strategies for trading currencies. Learn about the factors they consider when analyzing exchange rate movements and managing currency risk.
- 3. Visit local financial institutions, stock exchanges, and regulatory authorities to understand the unique challenges and opportunities in emerging market finance.
- 4. Study past currency crises and their impact on exchange rates.
- 5. Observe currency derivatives markets, such as futures and options exchanges, to see how derivative instruments are used for hedging currency risk and speculating on exchange rate movements.
- 6. Analyze exchange rate policies and advocate for reforms to promote exchange rate stability, transparency, and market efficiency.
- 7. Conduct research on the functions, objectives, and operations of EXIM Banks in different countries. Study their role in facilitating exports, promoting trade finance, and supporting economic development initiatives.
- 8. Conduct simulation exercise where you simulate trading foreign currency futures and options in a simulated market environment
- 9. Arrange interactive sessions of industry experts for understanding of derivatives markets.
- 10. Any other based on syllabus

*Note:* Each student should prepare report of every practical or field work including detailed information as per guidelines and structure/format given by subject teacher. The report should be

hand-written. Take photographs in your cell phone with prior permission during the visit to business units and discussion with people. Produce the black and white print of photographs in your report.

# Suggested Practical Work or Field Work:

1. Write the simple python program.

2.Python program to demonstrate numeric value

3. Python program to demonstrate different operators.

4. Python program to demonstrate comments single line multiline.

5. Python program to demonstrate conditional statements

6. Python program to demonstrate looping statements.

7. Python Program for Creation of List, accessing value of List

8. Python program to demonstrate different List operations.

9. Python program to slice List using list.

10.Python program to demonstrate Creation of List

Note:

Each student should solve above each practical work as per guidelines and structure / format given by subject teacher. Fieldwork or Practical work marks will be given by subject teacher on the basis of reports produced.

- Computer Lab Practical sessions should be conducted
- Relevant case studies based on the above units should be discussed in the class.

# Suggested Practical Work or Field Work:

- 1. Visit any Event Management organization and study their IT infrastructure along with different applications used by organization.
- 2. Prepare a word file using all the functionality of MS- Word.
- 3. Prepare an invitation letter, use mail merge to send the same letter to number of guest.
- 4. Prepare a excel sheet to maintain the expenses of a particular event.
- 5. Prepare a report in excel using different advance excel tools of a particular event.
- 6. Use MS-PowerPoint to make an effective business presentation.
- 7. Visit any Event Management organization and study the use of E-commerce along with different Epayment tools used by organization.
- 8. Develop a website using HTML for displaying basic information of event management business.
- 9. Visit any Event Management organization and study the different application and tools used by organization. Prepare the report.

10. Any other practical based on syllabus.

Note: Each student should prepare report of every practical or field work including detailed information as per guidelines and structure/format given by subject teacher. The report should be hand-written. Take photographs in your cell phone with prior permission during the visit to business units and discussion with people. Produce the black and white print of photographs in your report.

# Suggested Practical Work or Field Work:

- 1. Visit to any financial institution and collect information about role in Entrepreneurship Development in India
- 2. Analyze the current trends in venture capital funding, including sectors receiving the most investment, geographic distribution of investments, and changes in funding patterns over time.
- 3. Investigate the effects of venture capital funding on the growth, innovation, and success rates of startups, including factors influencing these outcomes.
- 4. Compare the characteristics, investment strategies, and outcomes of angel investors and venture capital firms in supporting early-stage startups.
- 5. Examine the contribution of venture capital to regional economic development, including its effects on job creation, innovation clusters, and entrepreneurship ecosystems.
- 6. Investigate the representation of women founders in venture capital funding, barriers to access for underrepresented groups, and strategies for promoting diversity in the venture capital industry.
- 7. Study the impact of government policies, such as tax incentives, regulatory frameworks, and startup support programs, on venture capital investment activity and startup success rates.
- 8. Explore the significance of angel investors in early-stage financing and their impact on the growth and

development of startups.

- Explore the ethical considerations and social implications associated with venture capital investment in startups, including issues related to diversity and inclusion, environmental sustainability, and responsible innovation.
- 10. Any other practical based on syllabus

Note: Each student should prepare report of every practical or field work including detailed information as per guidelines and structure/format given by subject teacher. The report should be hand- written. Take photographs in your cell phone with prior permission during the visit to business units and discussion with people. | Unit: IV    | distribution decision  | Travel Agency-product decisi<br>and promotion decision, Role on<br>attracting and satisfying the   | of people, process and  | 15 Hours |  |

importance of digitalization in travel agency operations, Challenges in travel businesses

Note: Relevant case studies based on the above units should be discussed in the class.

# Suggested Practical Work or Field Work:

- 1. Visit to any two-tour operating organization & list out popular tour packages available in your area.
- 2. Understand the procedure required to acquire the documents like passport, visa and insurance.
- 3. Study the Government Tourism Policy. Study the Licensing procedure to start a travel business in India
- 4. Study the different tour packages and pricing method.
- 5. Identify the process and role of people while selecting packages.
- 6. Visit tour agency and pin out the challenges of digitalization in tourism operations.
- 7. Prepare a report on Government guidelines to travel agency and tour agent.
- 8. Do the market survey to know the promotion techniques adopted by tour operating agency operating in your area.
- 9. Study the marketing mix in Travel Agency
- 10. Any other practical work based on syllabus

# Note:

Practical work should be discussed in class. Each student should prepare report of every practical or field work including detailed information as per guidelines and structure/format given by subject teacher. The report should be hand-written. Take photographs in your cell phone with prior permission during the visit to business units and discussion with people. Produce the black and white print of photographs in your report.

| DSE-E6 | Computer Application      | DSE-J6 | Travel and Tourism Management |

**Objective:** To expose the BBA students for practical application of theoretical concepts which they have learnt during the BBA course

#### **Outcomes:**

1. identify the research problem and formulate objectives.

2. choose appropriate methodology with proper tools and techniques.

3. analyze and interpret the data collected from different sources.

4. make decision or find out conclusions on the basis of data analysis

Student has to undergo a practical training of minimum 30 days. BBA being professional course, it is essential for each student to practically apply or understand theoretical concepts what he/she learn during the course. Student should decide the topic for the project under the guidance of a teacher in the first month of the academic year of B.B.A.-III and finalize organization with date of joining for training in Sem-V.

During the training programme, student is expected to collect vital information through internal and external source so as to reach concrete conclusions on the given subject.

Project Work will be done by the student individually.

- 107 - -

The student will have the following options for selecting the project:

(a) Field Work

(b) Library Work

(c) Placement with an Organization.

Student can carry out the project work after college hours, holidays/Diwali vacation. The student should take regular guidance from the teacher while carrying out project work.

All students should submit the Two neatly typed (two sided) Black Bound Copies Project Report in the concerned college upto 1<sup>st</sup> March of the year concerned.

Major Project-Work in the Semester -VI carries 100 marks. The project work will be evaluated by University Committee.

| Project Work Evaluation Criteria | Marks |
|----------------------------------|-------|
| Viva-Voce                        | 60    |
| Project Report                   | 40    |
| Total Marks                      | 100   |

Major Project Examination will be conducted before the university examination for Semester VI.

## **Viva-Voce & Report Evaluation Examination**

Major Project Evaluation Examination will be arranged by University for 100 marks. Project Examination will be conducted before the annual examination. (60 marks for viva+40 marks for report). University will appoint Evaluation Committee, consisting of 3 members, 2 members (1 as Chairman ,1 as Member) being external and another 1 member being internal. Name of Internal Examiner should be communicated to University in advance. The Chairman has to submit viva-voce and report marks to the University immediately after the examination. All Examiners are expected to undertake Project Evaluation Examination with the help of following points:

1. Appropriateness of the title of study with respect to management to research problem understudy.

- 2. Appropriateness of research methodology adopted for study.
- 3. Appropriateness of sample design i.e. sample size and sampling method compared to population for the study.
- 4. In case sample study, appropriateness of analysis, tools used for analysis.
- 5. In case of study based on secondary data, scope and depth of analysis.
- 6. Findings drawn on the basis of analysis.
- 7. Suggestions with its plan of implementation in the organization in given business
- 8. Appropriateness of Project Report Formatting as per university guidelines

#### UNIVERSITY GUIDELINES FOR PROJECT WORK

- There should be a proper linkage between objectives, data and interpretation, findings and suggestions.
- Header and Footer on project report pages shall consist of University name and Institute/College name, respectively. No other information should be included in the Header and Footer.
- Use of colors in text matter, graphs and diagrams should be avoided.
- Page numbers are compulsory.
- The average size of report ordinarily will be of maximum100 pages. Layout of the project is-Paper A4 size, Font -Times New Roman, Font Size for regular text is 12, for headings 14 font size is allowed, for title of chapters upto 28 font size. Printing is to be done on both sides of pages. Margin 1.5 inches at the left, mirror margin and 1 inch at rest sides. Chapter pages should not carry borders.
- Declaration from the student that his/her research work is not copied from any other existing reports.

- The report will have three certificates, one by the Head of the Department and Principal, another by the Faculty guide and third one from reporting officer of the organization where the student has undergone training. These three certificates should be attached in the beginning of the report
- Certificate of the Faculty Guide: The guide should certify that the research work is original and completed satisfactorily under his guidance.
- Index Page, List of Tables and List of Graphs should be added after certificates and Declaration.

## **Project Report Submission:**

- For regular students, the last date of project report hard bound copies with synopsis submission to the institute is 1<sup>st</sup> March of every year. In case 1 <sup>st</sup> March is holiday then the next working day is the last date of project report submission.
- For repeater students, the last date of submission of project report to the institute is 1st October. In case 1<sup>st</sup> October is holiday then the next working day is the last date of project report submission.

# Acceptance/Rejection of Project Report:

- The student must submit an outline of the project report to the college for approval. The college holds the right to accept the project or suggest modifications for resubmission. Only on acceptance of draft project report, the student should make the final copies.
- Institute should arrange mock-viva for students' preparation at institute level after submission of project report.

# **DETAILS OF PROJECT REPORT**

## TITLE

Title of research should be specific in nature, it should be short, and should reflect management problem.

In short, the form of project report is as given below:

- Cover Page- Title of the project, Name of the student, Name of Guide, Name of the college and Department, Year of Submission
- Declaration of Student
- Certificates-Certificate by Guide, Recommendation Certificate by Head of the Department and Principal, Certificate by Organization (mandatory for organization project only)
- Acknowledgement
- Contents/ Index
- List of Tables
- List of Graphs
- Headings of the chapter, sub-headings of the chapter

The Project Report contents at least following aspects

# **Chapter-1: Introduction to the Study**

- 1.1 Introduction
- 1.2 Management Problem
- 1.3 Statement of Research Problem
- 1.4 Hypothesis of the study (Optional)
- 1.5 Objectives of the study
- 1.6 Scope of the study
- 1.7 Importance of the study
- 1.8 Research Methodology (Data Sources, Sampling Design, Data Analysis Instrument)
- 1.9. Review of Literature
- 1.10 Chapter Scheme

# **Chapter-2: Theoretical Background**

- 2.1. Introduction (Meaning, Definitions)
- 2.2 Characteristics/Nature
- 2.3 Advantages-Disadvantages
- 2.4 Techniques/Types/Categories
- 2.5. Scope
- 2.6. Functions

\_

2.7. Importance etc. of Basic Concepts

(Necessary theoretical inputs may be added to support the research work.)

# Chapter-3: Introduction to the Organization/Industry

- 3.1 Introduction
- 3.2 Brief History of the Organization and present position
- 3.3 Organization Structure
- 3.4 Departments/Sections in Organization
- 3.5 Products/Services offered
- 3.6 Milestones achieved by company, awards, certifications etc
- 3.7 Human Resource Scenario of organization
- 3.8 Operations management of Organization
- 3.9 Marketing Scenario of organization
- 3.10 Important Statistical Information
- 3.11 Future Plans of organization

# **Chapter-4: Data Analysis and Interpretation**

**Chapter-5: Findings and Suggestions** 

Bibliography Appendices

# Bibliography

Bibliography means list of books, journals, published work actually referred to or used in the writing of the project report. This is not a separate chapter. The bibliography has to be written in a specific manner.

So, the Bibliography may include-

Books Referred-Title of Book, Author Name, Publication, Edition

\_

- Articles-Name of Author, Title of paper, Name of Journal, ISSN No. Volume No., Page Number.
- Websites
- Other

#### Appendices

The document, charts, questionnaire, tables and schedule etc. which are actually referred to in the bodies of the project report are to be included under appendix or appendices.

So, the appendices may include-

- Questionnaire / Schedule
- Tables, Documents/forms etc.,
- Maps, Diagram, graphs etc. referred to in the body of the project report.
- Guide student meeting record form.
- Joining letter of Industry, Progress reports duly signed
- Performance appraisal report duly signed by industry authority.

The above guidelines are not a prescription for writing the project report but can be used as a milestone, while writing the project report.

The guide has every discretion to change the Chapter as per requirements. Especially, in case of computer /IT based subjects /topics such as-Business Analytics, Computer Application, etc., subject teacher has right to change the chapter scheme.

## Note:

- Students should learn MS Excel and SPSS for Data Analysis and Google Form Questionnaire preparation
- Faculty should encourage students for Research Paper Writing on Major Project and its publication in UGC Care Listed Journals.
- Students should be encouraged for participation in at Conferences
   /Seminars/Webinars/Workshops related to their course, specialization, research etc.

\_

 Students should be encouraged for completion of Online Certification Courses available on Online Platforms such as NPTEL/Swayam /Coursera during academic year.
