Meeting the demand for foreign currencies to ensure International Payments is called International Liquidity. .

34. What are SDRS?

An artificial drawing rates created by the IMF in the name of member country to meet the additional demand for foreign currencies. It is also called paper gold, because it has to be accepted by all the countries in payments.

# International Economics - Question Bank Part B Analytical type (5 marks)

- Explain the importance of International Economics.
- Explain the Absolute Cost Advantage Theory of Adam smith.
- Point out the factors determining terms of Trade.
- Discuss the merits of Free Trade Policy.
- nge Rate? 5. What are the merits and demer 3 of 5
- Explain the effects of Tariffs.
- 7. What are the effects of Quotas?
- 8. What are SDRS?

# International Economics - Question Bank Part B Analytical type (5 marks)

- 1. Explain the importance of International Economics.
- Explain the Absolute Cost Advantage Theory of Adam smith.
- Point out the factors determining terms of Trade.
- Discuss the merits of Free Trade Policy.
- 5. What are the merits and demerits of Flexible Exchange Rate?
- Explain the effects of Tariffs.
- 7. What are the effects of Quotas?
- 8. What are SDRS?
- Discuss objectives and functions of Asian Development Bank.
- Explain various methods of Exchange control.
- 11. Briefly explain types of Economic Integration.
- 12. Mention the objectives of EEC.

## Part C Essay Type (15 Marks)

- Critically examine the comparative Advantage Theory of International trade of Ricardo.
- Discuss H-O Theorem of International Trade.
- Analyze various arguments in favour of protectionism.
- Describe various methods of correcting Balance of Payments Disequilibrium.
- Explain the trends in India's Foreign Trade.
- 6. What are the causes for the Balance of Payments Disequilibrium in India?
- Discuss the recent EX-IM policy of India.
- Analyze the role of Multinational Corporation.
- Describe the role of Foreign Capital in Economic Development.

5

- 10. Analyze the role of IMF in solving International Liquidity.
- Discuss the Achievements and failures of the World Bank.
- 12. Analyze objectives and functions of EEC.

1999	75.2	60.4	79.2
2000	70.1	60.8	78.8

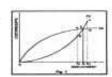

Q. 4. Find the unemployment rates and labour participation rate.

Year	Labor Force (Millions)	Number of employed (Millions)	Population (Millions)
2015	53.2	49.1	98.2
2016	53.2	49.1	98.1
2017	50.2	49.7	98.1

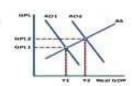

Q. 5. Find the unemployment rates and labour participation rate.

Year	Labor Force (millions)	Number of Employed (millions)	Population (millions)
2006	43.7	39.01	82.3
2007	43.7	39.06	82.2
2008	43.6	39.8	82.1

- Q. 6. The rate of inflation for a certain year (say 2014) is found by comparing, in percentage terms, that years index with the Index in the previous year. For example, the CPI was 221.6 in 2015, up from 183.5 in 2013. Find the rate of inflation of 2014.
- Q. 7. The rate of inflation for a certain year (say 2015) is found by comparing, in percentage terms, that years index with the Index in the previous year. For example, the CPI was 221.3 in 2015, up from 193.5 in 2014. Find the rate of inflation of 2015.
- Q.8. Explain the graph with suitable example.

Q.9. Explain the graph with suitable example

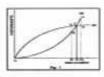

Q.10. Explain the graph with suitable example

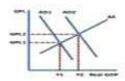

- Q. 6. The rate of inflation for a certain year (say 2014) is found by comparing, in percentage terms, that years index with the Index in the previous year. For example, the CPI was 221.6 in 2015, up from 183.5 in 2013. Find the rate of inflation of 2014.
- Q. 7. The rate of inflation for a certain year (say 2015) is found by comparing, in percentage terms, that years index with the Index in the previous year. For example, the CPI was 221.3 in 2015, up from 193.5 in 2014. Find the rate of inflation of 2015.

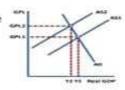

Q.8. Explain the graph with suitable example.

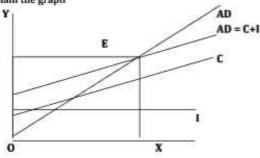

Q.9. Explain the graph with suitable example

Q.10. Explain the graph with suitable example

Q.11. Explain the graph

## Write short answers of the following questions

- 13. Cost push inflation
- 14. Formula of Inflation
- 15. CPI
- 16. Unemployment
- 17. Inflation
- 18. Labour force participation rate
- 19. Unemployment
- 20. Demand pull inflation
- 21. Consumer Price Index
- 22. Bank Rate policy
- 23. Autonomous investment
- 24. Induced investment
- 25. Public and private Investment
- 26. Gross and Net investment

## Write short answers of the following questions

- 13. Cost push inflation
- 14. Formula of Inflation
- 15. CPI
- 16. Unemployment
- 17. Inflation
- 18. Labour force participation rate
- 19. Unemployment
- 20. Demand pull inflation
