

## About Tally Course

The **Tally with GST course** is a practical and career-oriented programme conducted by **Venutai Chavan College, Karad** under **Shivaji University, Kolhapur – Department of Lifelong Learning and Extension** for 6 months. The course is designed to provide in-depth knowledge of computerized accounting using Tally ERP software. It starts with an introduction to basic accounting concepts and familiarizes students with company creation, configuration, and systematic recording of business transactions in a computerized accounting environment.

The course covers key areas such as ledger and voucher creation, inventory management, banking transactions, and preparation of final accounts. Special emphasis is given to Goods and Services Tax (GST), enabling students to understand GST concepts, record GST-related transactions, and generate required reports. Payroll accounting and financial reporting are also included to give learners complete practical exposure.

On successful completion of the course, students gain the skills required to handle accounting work efficiently in business organizations, CA firms, and other institutions. The course enhances employability and prepares students for roles such as Accountant, Accounts Assistant, and Tally Operator.
